**more !**

We are the wakeboarding experts in Bali. We have dedicated wakeboarding boats with towers for both beginner and advanced riders. All wakeboarding equipment is imported from the U.S.A. - boards include Hyperlite, Liquid Force, Gatorbord, Ronix and CWB. We also have a wide variety of wakeboarding jackets, ropes and gloves. In fact, the owners were the first to introduce wakeboarding to Bali in 1999 and we remain the biggest wakeboarding enthusiasts on the island.
